

**Deadline for Application is MARCH 1, 2019**

Candidate's name \_\_\_\_\_

**Spouse/Partner Statement of Support**

The above named person is submitting an application to participate in the LEAD New York program over the next year. **Participants in the program must attend all in-state workshops and seminars.** Thus, if selected the individual will need time away from his/her home **to attend all activities.** A sample workshop schedule for Class 18 is available at [www.leadny.org](http://www.leadny.org) or by calling 607-255-7907.

We recognize that such a significant time commitment may cause some stress on family and other commitments, but through experience we know that the long-term benefit of participation usually outweighs the short-term hardship. We also try to involve spouses/partners at several points in the program.

Your commitment of support is a significant contribution to the program and is appreciated.
